

Nampa Model Aviator's 2006 Events

The Nampa Aviators are holding five events this summer at our club field in Nampa, Idaho. We have a beautiful flying facility with a 400'x 40' asphalt runway that is surrounded by a manicured lawn that provides us a 500'x 50' grass runway adjacent to the paved runway. We invite your club to come and fly with us at our following events:

1. May 13 & 14th **First Annual Fly-in**
(Bring whatever you would like to fly and show)
2. June 23, 24, & 25th **Idaho Scale Squadron Contest**
3. July 15 & 16th **Helicopter Fly-in**
(Bring whatever you would like to fly and show)
4. August 12 & 13th **IMAC Scale Aerobatic Contest**
5. September 16 & 17th **Warbirds over Nampa Fly-in**
(Bring any Warbirds you would like to fly and show)

Mark these dates on your calendars!! Come and participate!! We have some limited space for camping without hookups at our field and there are some nearby campgrounds with full hookups. There will be food available and raffles.

Check out our web site at www.nampamodelaviators.org for additional info and pictures of our flying field and members' airplanes, etc. We will be providing additional flyers for each event prior to the date of the event. This is our teaser to permit you to schedule your time so you can come and participate and join in the fun. We look forward to seeing you here.
